

MISION

Our mission is to perform reliable and rigorous analyses for the determination of microplastics, contributing to the protection of public health and the environment.

We work with proven technical criteria, qualified personnel and validated analytical methods, guaranteeing accurate, reproducible and traceable results that add value to our clients and regulatory bodies.

VISION

Our vision is to consolidate ourselves as a reference laboratory in the analysis of microplastics, recognized for the quality of our results, the reliability of our processes and our commitment to continuous improvement.

Our goals are to:

- Promote analytical innovation in the study of microplastics.
- Support technical and regulatory decision-making based on reliable data.
- Actively contribute to environmental sustainability and food safety.

QUALITY POLICY

The laboratory management establishes as a fundamental principle, commitment to quality, implementing and maintaining a Quality Management System in accordance with the ISO 9001 standard.

To fulfill this commitment, we pledge to:

- Comply with all applicable legal, regulatory, and technical requirements for our analytical activities.
- Ensure the technical competence of our staff by promoting their ongoing training and professional development.
- Implement standardized procedures, guaranteeing the reliability, impartiality, and confidentiality of our results.
- Continuously improve the effectiveness of our Quality Management System through risk analysis, performance indicators, and internal audits.
- Evaluate suppliers and collaborators according to the performance criteria established in our contractual agreements, ensuring the excellence, reliability, and quality of the services provided.
- Maintain clear and transparent communication with our clients, addressing their needs and expectations.
- Foster a culture of quality, environmental responsibility, and professional ethics in all our organizational activities.

This Quality Policy is communicated, understood and applied by all company personnel, and is reviewed periodically to ensure its suitability and validity.
